MEMORANDUM FOR THE CHAIRMAN, SECURITY COMMITTEE, UNITED STATES  
INTELLIGENCE BOARD

SUBJECT: Exception to Established Policy

References: a. DA, OACSI (DAMI-DOS), memo, dated 31 August 1973,  
subject: Authorization to Release Intelligence and  
CONTROLLED DISSEM Traffic to Contractor Personnel  
(Enclosure).

b. DCID No. 1/7, approved 5 October 1970, subject:  
Controls for Dissemination and Use of Intelligence  
and Intelligence Information.

1. Reference a. requests an exception to the policy cited in paragraph 6.2.(2) of reference b. to authorize Federal Electric Corporation (FEC) employees access to Intelligence and CONTROLLED DISSEM traffic. The access to such message traffic is to be on a recurring basis under STRATCOM Contract DAEA 18-71-C-0024, while operating the telecommunications facility in support of USDAO Saigon for the duration of the STRATCOM contract.

2. Forwarded for your consideration is the request to determine the propriety of granting the waiver inasmuch as the telecommunications facility services messages of the intelligence community and the requested exception to policy is on a continuing basis.

MEMORANDUM FOR: DIRECTOR, DEFENSE INTELLIGENCE AGENCY

ATTN: DS-6 C3

SUBJECT: Authorization to Release Intelligence and CONTROLLED  
DISSEM Traffic to Contractor Personnel

1. Reference 27-28 August 1973, conversations between CPT  
[redacted] Counterintelligence and Security Division,  
DIA and [redacted] Security Division, Directorate of  
Operations, OACSI, DA.

2. Attached as Inclosure is a request from the Defense  
Attache, Saigon concerning subject access. The request was  
validated by Army because STRATCOM contracted with Federal  
Electric Corporation to provide communications for the  
Defense Attache Communications Facility in Saigon. In view  
of the personnel constraints imposed in Vietnam, this re-  
quest appears justified and Department of the Army favors  
granting such access.

3. The request will require coordination with each USIB  
Agency. Inasmuch as the release of the information is in  
support of a DIA supervised activity, request that DIA  
coordinate the release with other USIB Agencies.

4. Request that this office be notified of the decision  
so subordinate elements can be informed.
